- ✓ VARDAMAN—S. T. Hawkins.

## PROCEEDINGS

---

On Wednesday morning at 10 o'clock September 19, 1917, the Calhoun Baptist Association met in the forty-second annual session with Mt. Tabor church. After a brief devotional service the letters from the various churches were called for and read. Bro. A. A. Bruner and J. L. Johnson were appointed to read the letters presented.

By motion and second the business of the meeting was suspended until 1:30 o'clock p. m., for the annual sermon and refreshments.

Dr. J. B. Lawrence was asked to take Rev. J. L. Roane's place on the program and preach the annual sermon. The theme, "What the churches' task really is." Scripture, Matt. 28; Mark 16:15-16; Luke 24:48-49; John 20:21-23.

### AFTERNOON SESSION.

Dr. Lawrence was asked to speak on State Missions and for about 40 minutes we listened to him speak on "our work."

Reading of letters continued. Voted by the Association that all delegates without letters be seated in the Association.

Association went into the election of officers. By vote of the Association the Clerk was asked to cast the ballot for the Association electing Rev. J. F. McKibben Moderator, A. L. Roane treasurer and H. E. Murphree clerk.

L. E. Roane was appointed committeeman on finance. On motion London Hill church was granted a letter of dismissal from this Association.

Motion made that Liberty and Hopewell (P) churches

## MINUTES OF THE

be received back into this Association. Seconded, carried.

By vote of the Association Bro. A. A. Bruner was recommended as our member to the State Board.

Motion made that Rev. J. J. Hallums be elected as our delegate to the Southern Baptist Convention. Seconded, carried. W. C. Stewart was elected alternate.

The following delegates were elected to the State Convention. Dr. J. E. Buchanan, B. J. Hastings.

The Association adjourned to meet at 8:30 o'clock Thursday.

### SECOND DAY—MORNING SESSION.

Devotional service was conducted by Rev. J. L. Roane. Minutes of previous day read, corrected and adopted.

Report on Pastoral Support read by A. L. Roane. Discussed by W. H. McGuire, B. F. McPhail, J. L. Roane, W. H. Young, and L. E. Roane, the report was adopted.

#### REPORT ON PASTORAL SUPPORT.

This committee believes that the time has come when more attention is going to be paid to the condition of the faithful servants of God when through age or infirmities they are no longer active in charge of churches. We believe that the time has come when they should be placed on our pay roll and given assistance exactly as our missionaries, not as a charity, but as wages rightfully belonging to them for services faithfully and well performed. Furthermore, we recommend that each church take Bible steps to raise a sufficient amount to enable the present pastorage to preach and to live without losing time from the study of God's word in order to earn a support for their loved ones. So long as we, the church members, do not support our pastors we must not complain at the word of God not being preached in its purity, for they cannot inform themselves as they should without the faithful support of the churches and enough to enable them to study and still have bodily sustenance.

Let us not forget that when God calls he qualifies, but he does not promise anything without some effort on the part of the individual. We hope and trust that pastors of the respective churches will be more faithfully supported in the future than they have been in the past.

ANTIOCH CHURCH.

## CALHOUN BAPTIST ASSOCIATION.

7

Report on Sunday School was read by Ellard McKibben, and after being discussed by himself, Tilden Pryor, A. A. Bruner, J. E. Buchanan and J. O. Hill, the report was adopted.

### REPORT ON SUNDAY SCHOOLS.

Jesus, the founder of the new testament church, is the world's greatest teacher and he commanded the church to continue the work. His orders are: "Go ye therefore, teach all nations, teaching them to observe all things whatsoever I have commanded you."

The special effort of God in every dispensation has been to so reveal himself to man that he might be understood in purpose and plan.

The teaching function is to be recognized as a Divine program for every church. How important, yea, imperative, that we teach the word of God. The Sunday school has been a great, and is destined to be a greater blessing in the development and enlistment of our churches that have preaching only once each month. A live Sunday school every Sunday, with an efficient corps of officers and teachers necessarily means an enlistment church in the spirit and works.

We have between 2,500 and 3,000 people holding diplomas in our state. We have 14 A1 Sunday schools in Mississippi.

We suggest that each pastor in this Association attend the County Sunday School Convention and encourage his members to attend also. In this way we can have more efficient officers, pastors and Sunday school workers.

### CONCORD CHURCH.

Motion and second that there be preaching at 11 o'clock, carried.

A call for corresponding delegates was made and Rev. J. O. Hill from Coldwater Association and William Davis from Zion Association were welcomed by the Moderator.

The report on Orphanage not being ready, the matter was taken up and discussed by Dr. J. E. Buchanan and A. A. Bruner. The report to follow later. Then collection was taken for Orphanage which amounted to \$22.75.

Sermon was preached by Rev. J. O. Hill. Phil. 1:1-21 was read and the 21st verse given as text.

**REPORT ON ORPHANAGE.**

God's blessings continue to abide with our orphan children and their management. The health of the children has been good except an epidemic of measles. There were over seventy-five cases, but none died.

The crops of the Home are good. They will make much toward a support but they will need several thousand dollars to keep up the 200 children who are there. They are not only fed and clothed but taught in heart and mind and characters developed that shall make them useful citizens when they go out into the world.

They are our charges as a denomination. The Home is run by free-will offerings of the people. Let us as churches see that a collection is taken at least once a year for them. And let all of our Sunday schools have Orphan's Home Day once a month and make an offering to their support. Remember the widows and orphans in their afflictions. This is pleasing to our Heavenly Father.

**MT. TABOR CHURCH.**

Other letters were taken up and read. Association adjourned for noon.

---

**SECOND DAY—AFTERNOON SESSION.**

Came together with singing. Prayer by Rev. A. S. Hall. A. A. Bruner, J. L. Johnson and Miss Daisy Miles were appointed as committee on nominations.

Report on Foreign Missions read by A. A. Bruner. Report adopted.

**REPORT ON FOREIGN MISSIONS.**

Southern Baptists gave last year a total of \$961,829.48 to Foreign Missions, this includes \$212,829.96 given to the Judson Centennial. There was given for general expenses of the Board \$749,140.62. The total of our gifts to Foreign Missions is greater than that ever made by any denomination in the South in one year. This is decidedly encouraging. We liked only \$38,000.00 of giving a \$1,000,000.00. The apportionment committee at New Orleans recommended that we set our Foreign Mission mark this year at \$594,000.00, of this amount Mississippi was asked to give \$36,000.00. Our Board is seriously considering having to increase the salaries of the

missionaries owing to the high cost of living, and further the fields are needing more workers. The Convention recommended that we send 35 new missionaries, which only enables us to cope with the situation as it now stands to hold our own. We lost last year 18 missionaries, as follows, 12 by resignation and 6 by death.

We sent out 12 new missionaries during the same time, so we started this year with a loss of 6 missionaries. The expenses of the Board have been decreased steadily. Last year nearly ninety-one cents of every dollar the Board received, actually went to the foreign fields. Now, if our Board sends the 35 new missionaries as has been recommended by the Convention and the salaries has to be raised, our Board will necessarily have to report a very heavy debt at the next Convention unless we increase our contributions to more than we are asked to pay.

Respectfully submitted,  
A. A. BRUNER.

Report on Home Missions read by Dr. J. E. Buchanan.  
Report adopted.

#### REPORT ON HOME MISSIONS.

The supreme mission of the church in the world is the preaching of the gospel of Christ. Every person uniting with the church place themselves under bounden obligation to Christ to help in this work. Those members who refuse to aid to the limit of their ability are recreant to our Lord. The principal reason for doing anything in Christian work is the command of Jesus. He that is unwilling to heed the commission of the departing Lord is indispensable to vital Christianity. No person can have much assurance of faith who ignore the plain teaching of Jesus. For convenience the work of the churches in missionary operations is divided into three departments, State, Home and Foreign. Home Missions, by the Southern Baptist Convention, include the destitute places in the bounds of this convention, together with Cuba and Panama, among foreigners, negroes and Indians. The Home Board has also spent thousands of dollars building church houses. It is estimated by those who claim to know, that more has been accomplished by this department of our work for the amount of money invested than any work fostered by the churches.

Last year with an expenditure of less than \$475,000.00 for all purposes, there were nearly 23,000 baptisms, the total

## MINUTES OF THE

administrative expense was less than five per cent. The last Southern Baptist Convention instructed the Board to lay out its work on a basis of a little more than one half million dollars, which is only about twenty cents each for nearly three million Baptists, while some give by the hundreds. Brother, what are you doing for the cause of Christ in the world? Do you expect the Master to say welcome to you at last, when you have done nothing to help herald his gospel among the lost of earth, for whom He shed His blood and died to save?

Respectfully submitted,

CALHOUN CITY CHURCH.

Report on State Missions read by Rev. J. F. McKibben. Report adopted.

**REPORT OF STATE MISSIONS.**

State Missions is that channel through which the churches co-operate in preaching the gospel of Christ to the people of the State and instructing those who have accepted Christ in that gospel so that they may become obedient to it.

We are assisting 210 churches to pay their pastors, helping to build 32 church houses, maintaining a system of Theological and training schools, helping five general men, two associational missionaries and two women in the field helping the negroes in their work and doing missionary work among the Indians. This is a brief outline of what we are doing.

The last Convention fixed the state mission budget at \$41,000,000, of which 25 per cent is asked for missions.

J. F. McKIBBEN,

For the Committee.

A. A. Bruner, J. E. Buchanan, J. O. Hill and B. F. McPhail discussed Missions.

Report on Ministerial Education read and discussed by J. E. Buchanan. Report adopted.

**REPORT ON MINISTERIAL EDUCATION.**

The office of the Christian ministry is the highest office known. The duties and work of the God-called preachers is the most responsible and far-reaching of all duties and labors laid upon men. The preparation in heart and mind for the discharge of their responsibilities is of momentous importance. Every preacher should give himself to study and development of heart and mind that he may meet the requirements laid

upon him. The advantages of schools should be sought and used, if possible. Our young preachers should be encouraged and helped to secure the best mental equipment available. Churches and individuals should give of their means to help our young preachers who are studying to enlarge their powers through mental training in our schools. Mississippi College has many every year who need our help. Our seminaries have a fund to aid those who need help. The call for strong educated men in our pulpits grows more urgent with the passing years.

The preacher holds a strategic position in the affairs of the community in which he labors. The stronger he is the more he will be felt for good.

The Christian College is the most important factor in our higher educational system. Schools where Christian principles are taught and illustrated, where the Bible is magnified, where the heart and spiritual life are looked after as well as physical and mental development, where well rounded character and life are moulded. The Christian school has furnished a large per cent of our strongest and leading men in all departments of life. There is an atmosphere and influence about them that isn't found in the distinctive secular schools. Our denominational schools should have our patronage and prayers and our financial support. As a denomination we should be proud of our position in the educational world. We as a people control more schools and have more money invested in them than any other people. We have the largest Theological Seminary in the world. More young preachers in our schools fitting themselves for greater usefulness than has any other denomination of Christians.

• VARDAMAN CHURCH.

The Association adjourned to meet at 8:30 o'clock Friday morning.

**THIRD DAY—MORNING SESSION.**

Devotional service was conducted by Rev. A. F. Brasher. Minutes of the previous day were taken up and read. Adopted. Other letters were taken up and read.

Motion carried to give remainder of the time to business and omit preaching.

Report on Womn's Work not being ready the mat-

ter was taken up and discussed by Dr. J. E. Buchanan, B. F. McPhail and W. H. Young.

#### REPORT ON WOMAN'S WORK.

Women from the beginning have been the most ardent lovers and faithful helpers for our Lord and his work. All down the ages they have been the most faithful helpers and members in our churches. Only for a few years have they been organized into a distinct force as helpers in the organized work of our denomination.

Since the organization of the Woman's Missionary Union and its auxiliaries they have been mighty factors in the ongoing of the Master's kingdom.

There are 878 Women's Missionary Societies in the State of Mississippi. Only three reported in our Association. There ought to be more. The 878 societies in the state of Mississippi raised for kingdom purposes, to-wit: missions and general benevolence, \$43,855.63, for home uses, \$22,722.62, making a grand total of \$66,578.25.

Surely God is pleased with this loving work upon the part of our women. May the Lord lead the women of all our churches to band themselves together for united and systematic giving for His causes and glory and thus swell the grand total of the great work in which our churches are engaged.

#### ELAM CHURCH.

Report on Prohibition read by Rev. A. S. Hall. Discussed by himself A. F. Brasher, J. E. Buchanan, J. J. Halulms and J. R. Sumner. Report adopted.

#### REPORT ON PROHIBITION.

It is assumed in this paper that the Baptists of Mississippi in general, and of Calhoun Association in particular, have passed the primary grade on the subject of prohibition. Hence it should be a source of rejoicing to them that the state now has some wise and wholesome laws on the statute books looking toward the ultimate destruction of the sale and manufacture of liquor. Additional reasons for rejoicing are found in the fact that our United States government has at last been aroused to see and enact laws first to help the states that are already dry to control the liquor traffic, and further, to prohibit the manufacture of foodstuffs into whisky, or other spirits.

It is hereby recommended that each and all Baptists stand by and support these laws now in effect and to further encourage our lawmakers to continue the good work begun. This encouragement may be best given by our church members all becoming tee-totlers, positive prohibitionists themselves. And next voting for men from the lowest office to the highest for such men as favor and vote for laws, the purpose of which are to make not only our state, but our United States absolutely dry and free from the 'smell of whiskey'.

A. S. HALL.

Report on Publications read by Miss Daisy Miles. Discussed by A. S. Hall, J. E. Buchanan, and J. R. Sumner. Report adopted.

#### REPORT ON PUBLICATIONS.

Today the printing press is playing a leading part in moulding sentiment and building character. In all Christendom there is a growing demand for well trained men and women. We are fast learning to specialize in religious work as well as in the secular walks of life. Then, too, experience has taught that on enlightened laity is the ripest field of labor for the clergy.

To meet these demands we now have ample publications in the form of books, periodicals and papers. Beside our uniform lessons and graded literature our Sunday School Board is now offering an extension course of study for the education of teachers and leaders in church activities. By a systematic study of these books the officers of our small Sunday schools may become more efficient, and the leaders in larger schools greatly enrich their lives and labors.

Then, to meet every demand for current literature, we would suggest the reading of the "Orphan's Gem," "Home and Foreign Fields" and "The Baptist Record." For our boys and girls the Baptist Sunday School Board publishes papers adapted to every age and need. The boys and girls who are reading the stories published in these papers are engaged in one of the greatest works of life—character building.

Just at this period there is a demand for the Bible, that is unparalleled in history. Rush orders are being sent for "army editions" and thousands of men and boys are being supplied, possibly for the first time in life, with copies of the "grand old book." Then, in these perilous times the scriptures are being read and searched in our homes as never before.

Baptists, as a whole, are a reading people. More and more is education being stressed by the leaders in our denominational work. With a progressive leadership and an enlightened Bible-reading laity there is indeed a bright outlook for Baptists in the near future.

C. H. ELLARD, Committee.

Prof. J. G. Chastain discussed and explained the Red Cross work.

Report on Nominations received and adopted.

#### REPORT ON NOMINATIONS.

We, your committee on Nominations, beg to submit the following:

We recommend that the next Association meet with Liberty Church, five miles west of Algoma, on Wednesday after the third Sunday in September, 1918, at 10 o'clock a. m. We recommend that Dr. J. E. Buchanan preach the introductory sermon; J. A. Killingsworth, alternate. We recommend that Ellard McKibben be authorized to superintend the Sunday school work in the territory of this Association and organize Sunday schools where there are none. We recommend that S. L. Spratling, Monroe Williams and Ellard McKibben be appointed executive committee; that executive committee arrange for fifth Sunday meetings for ensuing year.

A. A. BRUNER,  
J. L. JOHNSON,  
MISS DAISY MILES,  
Committee.

L. E. Roane reported \$36.75 as minute fund.
